Bombers Strike In Retaliation For Border Raid

SAIGON, South Viet Nam (AP) — B52 bombers struck back today at North Vietnamese troops which inflicted heavy casualties on a U.S. infantry company near the Cambodian border.

The giant Stratofortresses, in one of three raids, hammered at North Vietnamese concentrations 16 miles northwest of the Plei Diereng U.S. Special Forces camp. This was near the area where an estimated 500 North Vietnamese regulars attacked a company — 178 men — of the U.S. 25th Infantry Division Sunday.

A U.S. spokesman said the infantry company suffered heavy casualties in the initial Communist assault of a battle that lasted 1½ hours. He said 26 North Vietnamese were killed.

The battle around the Plei Diereng Green Beret camp, 230

miles north of Saigon, was one of three clashes Sunday involving U.S. 25th division troops. In the first, a company of infantrymen engaged a platoon of North Vietnamese 18 miles west of Plei Diereng and reported killing eight in a 25-minute fire fight. Two hours later, the same company engaged an enemy battalion in the biggest encounter of the day.

The North Vietnamese broke contact only after the U.S. force brought up ground reinforcements and called in air strikes and heavy artillery barrages. Although the U.S. company took heavy casualties in the initial contact, a U.S. spokesman said over-all casualties for the full engagement were light.

In the third clash, lasting only five minutes, another company of the 25th reported killing five

Battle Sets Back Drive To Clean Out Guerrillas

SAIGON, South Viet Nam (AP) — The battle of Tay Ninh Province set back a major U.S. effort to clean out Viet Cong guerrillas near Saigon.

Nearly half the combat battalions of the 1st Infantry Division had been wheeled into position for the big pacification campaign. Some operations had been mounted just outside the Vietnamese capital.

Then elements of the Viet Cong 9th Division, a main force outfit, opened major attacks in

Tay Ninh Province about 60 miles northwest of Saigon. The 1st Division had to rush to the critical battleground.

Only a few hours before the Tay Ninh battle erupted Nov. 3, senior officers of the 1st Division told a newsmen the VC 9th had been "pushed back into the briar patch" along the Cambodian border.

The 1st Division could concentrate on "grinding up the guerrillas" as close as five miles from Saigon, these officials said.

The VC 9th crossed up the American plans.

The U.S. plan — which probably will be carried out after the Tay Ninh battle ends — calls for four battalions of the 1st Division to do pacification work.

The object of the intensified drive to break down the Viet Cong organization or infrastructure in the villages near Saigon and loosed the enemy's hold on the peasants.

Luring its search-and-destroy sweeps against regular VC units, the 1st Infantry operated in battalion and brigade strength.

In switching emphasis to pacification, the intention is to break down the American infantry forays to squad, platoon and company scale.

"We'll be going into the villages 24 hours a day and we'll be patrolling every night," said a senior officer.

Hope Is Dim For 50 on Nippon Plane

MATSUYAMA, Japan (AP) — Authorities gave up all hope today of finding any survivors of the crash of a Japanese-made airliner with 50 aboard into the sea Sunday night.

Six planes had searched the area in the hope some might have reached land, and 60 boats picked up 21 bodies. There were 45 passengers and five crew members on the propjet that went down during a rainstorm. Twenty-two of the victims were honeymooners.

It was the fourth major air crash in Japan this year and the second of an All-Nippon Airways plane. A total of 321 persons died in the other three.

The newlyweds aboard Sunday is considered auspicious for marriages in Japan — were heading for seaside resorts.

The plane overshot the runway on its first attempt to land, bounced on the runway, climbed into the night sky, veered sharply and fell seconds later about 1.5 miles off shore.

Defense Rests In Sheppard Murder Trial

CLEVELAND (AP) — The defense rested its case in the Samuel H. Sheppard murder retrial today without putting the 42-year-old defendant on the stand.

The case for the former osteopath was rested after a doctor who examined Sheppard a few hours after his wife was murdered July 4, 1954, testified "it would have been most difficult" for him to have inflicted the injuries on himself.

Dr. Charles Elkins of Tucson, Ariz., was a defense witness in the second degree murder trial of Sheppard, which began its fourth week amid indications the defendant himself may not take the stand as he did 12 years ago.

Elkins said when he examined Sheppard at Bay View Hospital a few hours after the slaying of Marilyn Sheppard, he found "absence of reflexes, on the left side primarily."

"I thought there was a small chip fracture discernible on X-rays" taken July 4 and inspected by Elkins July 6, he testified.

Elkins denied telling Coroner Samuel R. Gerber he found nothing wrong with Sheppard. Gerger testified a week ago that Elkins told him "he didn't think Sheppard was badly hurt."

He told me very definitely this man was not hurt."

A month after the slaying Elkins said he examined Sheppard again at Cuyahoga County Jail.

"I believe his reflexes had now returned. I sort of changed my mind. I thought it might have been a concussion rather than a contusion because of the rapidity of recovery."

A contusion is more serious, Elkins explained.

F. Lee Bailey, chief defense counsel, asked Elkins whether Sheppard's injuries could have been self-inflicted.

"I think it would be most difficult for an individual to self-inflict this type of injury," Elkins replied.

Another defense witness, Richard Eberling of Westlake, said he cut his hand washing windows at the Sheppard home three days before the slaying

Consider Change In 'No-Meat' Law

WASHINGTON (AP) — The nation's Roman Catholic bishops convene today for a five-day conference aimed at attuning church practices more closely to modern needs.

Advance predictions were that the "no meat on Friday" rule would be eased — if not abolished. An influential body of opinion in the church considers this form of penance obsolete.

And if Bishop Fulton B. Sheen, famed for missionary zeal, has his way, the building of expensive churches will be curbed, and more money devoted to the world's poor.

Strike To Ground Air Canada Today

MONTREAL (AP) — An estimated 80 per cent of Canada's civil air transport facilities was expected to be grounded this afternoon by a strike of 5,200 maintenance workers against Air Canada.

Last-minute settlement efforts failed to stop plans for the walkout. Union leaders of the International Association of Machinists ordered the strike to begin at 4 p.m. EST.

The union is seeking a one-year contract with a wage increase of 20 per cent and an increase in fringe benefits. Current pay scales range from \$1.56 to \$3.17 per hour.

Barry Denies Plot To Block Romney From 1968 Presidential Nomination

WASHINGTON (AP) — Barry Goldwater says it's "not true" that he and Richard M. Nixon are collaborating to try to block any bid by Michigan Gov. George Romney for the 1968 Republican presidential nomination.

But Goldwater, thought not closing the door on Romney, said the governor still has "a lot of homework to do" with party leaders to atone for not endorsing Goldwater in the 1964 presidential race.

Romney, meanwhile, said he still hasn't decided whether to run for president.

Goldwater was asked Sunday on ABC's "Issues and Answers" if he were collaborating with Nixon to stop Romney, as the questioner said, "It has been written and reported."

"No that is not true," said Goldwater. "I happen to be a

13-Year-Old Killer of 5 Studied by Psychiatrists

MESA, Ariz. (AP) — A quite young man who felt nobody cared for him was under psychiatric care today, after the pistol killing of four women and a little girl because he "wanted to see the headlines with my name in them before I die."

Robert Benjamin Smith, 13, who told police his violent outburst Saturday morning in a local beauty college was inspired by recent mass killings in Chicago and Austin, Tex., remained in Maricopa County jail, scheduled for intensive psychiatric study and treatment before his Dec. 15 preliminary hearing on five counts of murder.

Mesa police continued to fill in missing pieces of the youth's bizarre explanation for the slaying of strangers. A justice of the peace hoped to impanel a coroner's jury today.

The dead were patrons or employees of the Rose-Mar College of Beauty, where Smith ordered five women and two children to lie in a circle on the floor, heads together, then walked around the circle, laughing and firing repeatedly with a .22 pistol at the backs of their heads.

Dead are Joyce Sellers, 27, a customer and the wife of an elder of the Church of Jesus Christ of Latter-Day Saints (Mormon), the dominant religion in this city of 50,000; Deborah Sellers, 3, her daughter; Mary Margaret Olsen, 18, beauty college student and fiancée of Mrs. Sellers

2 on Tanker Victims of Bomb Plant

SEATTLE, Wash. (AP) — A tanker, with its captain and a motorman dead and seven other crewmen injured from a time bomb explosion, anchored early today off Astoria, Ore. where a search was made for other bombs.

A demolition team from the Naval Ammunition Depot at Bangor, Wash., was flown to Astoria to search the tanker. The team was summoned after a Columbia River pilot taken aboard outside the mouth of the river reported another device resembling a bomb had been found in the master's cabin, and the crew thought there might be more aboard.

The 535-foot Liberian vessel, the Grand Integrity, was off the Oregon coast Sunday, headed to South Korea from Longview, Wash., when the bomb which killed the captain, Ho Lien-siu, and the motorman, Chiu Yung-jye, exploded.

The Coast Guard said it had reports from the tanker that the bomb which killed the two men was found in the engine room and the captain had it carried on deck and was photographing it when it exploded.

brother-in-law; Glenda Carter, 18, also a student beautician; and Carol Farmer, 19, a customer and wife of an Air Force man stationed in Alaska.

The two survivors are Bonita Sue Harris, 18, a third student beautician, who suffered head and arm wounds, and Tamara Lynn Sellers, 3-month-old daughter of Mrs. Sellers. Tamara, victim of a minor arm wound and a skull fracture, was

found sobbing under her mother's body. Both Miss Harris and Tamara were reported in satisfactory condition.

Police said Smith, described by schoolmates as "a loner" and a "strange and different" boy, offered no resistance when police burst into the shop. Told of his right to remain silent, officers said, the youth nonetheless gave a lengthy statement.

Israelis Attack Jordanian Towns

TEL AVIV, Israel (AP) — Israeli forces attacked three Jordanian villages and clashed sharply with Jordanian ground and air forces Sunday in a raid retaliating against guerrilla attacks from Israel's Arab neighbors. Shooting also erupted again across the Israeli-Syrian border.

Both Jordan and Israel claimed they inflicted heavy losses. U.N. observers obtained a cease-fire about four hours after the tank-led Israeli forces swept two miles across Jordan's border. The Israeli troops withdrew. Firing across the Syrian border ended about 6:30 p.m.

Premier Levi Eshkol of Israel said the attack was a "warning raid" against Jordanian centers he charged were used by "El Fatah" commandos as bases for sabotage inside Israel. Israel claims the El Fatah raiders are Jordanians acting under Syrian instigation.

Israel made an aerial attack last July on a Syrian installation in retaliation for El Fatah sabotage, but the terrorist raids have continued.

The Israeli attack, in brigade strength, was made on the Jordanian villages of Samu, Hirbeit Karkaz and Jimba. The villages are about 30 miles south of Jerusalem in a bulge of Jordanian territory west of the Dead Sea.

Israeli and Jordanian jets clashed in dog fights. Israel claimed it downed one Jordanian plane. Jordan said it bagged two Israeli jets.

At the United Nations, Jordan's Ambassador Muhammad H. El-Farra said the Israeli troops killed 26 Jordanians — 13 soldiers and 13 civilians — wounded 54 and captured three soldiers.

In Amman, a Jordanian military spokesman said 50 Israelis were killed or wounded and 10 tanks destroyed.

While outside, however, Aldrin successfully photographed stars and terrain features. The "space stand" boosted his record space exposure time to 5½ hours.

The next U.S. space walk is not scheduled until 1968 on the fourth manned earth-orbital flight planned in America's Apollo man-to-the-moon program.

Although the hatch was opened earlier than planned in the reshuffled flight plan, it was on orbit later than originally planned, a postponement caused by problems with control jets and two attempts to photograph a high-flying yellow cloud over the glarine Sahara Desert.

As Command Pilot James A. Lovell Jr. wrestled with problems caused by two dead Gemini 12 maneuvering rockets, Aldrin first dumped overboard a bag of debris crammed with the 25-foot lifeline and chest pack used in his record-breaking stroll Sunday.

With split-second timing by control centers on three continents, the Gemini 12 pilots tried twice to photograph—but could not see—a wind-whipped vapor stream spewed by two French Centaure rockets high over the Sahara.

"We saw no cloud," Lovell radioed the second time around. "Pictures taken but no observation."

A few minutes later, Yates radioed a confirmation of the report. The youngsters, who escaped, had smashed a hole in his windshield.

Escapee from Lebanon Caught in Cincinnati

CINCINNATI (AP) — An escapee from the Lebanon Correctional Institution, was captured by police here early today.

Police said 24-year-old Timothy L. McAtee, serving a 1-20 year sentence for auto theft and breaking and entering, walked away from the Lebanon institution Sunday.

At the United Nations, Jordan's Ambassador Muhammad H. El-Farra said the Israeli troops killed 26 Jordanians — 13 soldiers and 13 civilians — wounded 54 and captured three soldiers.

In Amman, a Jordanian military spokesman said 50 Israelis were killed or wounded and 10 tanks destroyed.

Three Jailed In Tot's Death On Turnpike

TOLEDO, Ohio (AP) — A Indiana man was arrested and the parents of an 11-month-old boy also were jailed today after the youngster died of an unexplained bullet wound, the Ohio Highway Patrol reported.

The victim, Paul English, was dead on arrival at a Toledo hospital after being shot in the head during an altercation which occurred Sunday night on the Ohio Turnpike.

Mr. and Mrs. Thomas English, the boy's parents, were taken to the Fulton County jail at Wauseon pending investigation, the patrol said.

Officers said the shooting apparently occurred during a fight between English, 22, and an acquaintance of the couple, 25-year-old Michael J. Harley, Goshen, Ind. They had stopped their cars beside the toll road near Swanton.

Hartley fled the scene but was apprehended after returning to his home in Goshen, the patrol said.

English, his wife and daughter, Patricia Ann, 2, were unhurt. The girl was turned over to relatives in Toledo.

The patrol said Hartley had lived in Toledo at various times.

Mrs. English and her two children had been living with her parents at Holland, Ohio, near Toledo. Her husband had been staying at another Toledo address for the past five months, the patrol said.

Bombers Strike In Retaliation For Border Raid

SAIGON, South Viet Nam (AP) — B52 bombers struck back today at North Vietnamese troops which inflicted heavy casualties on a U.S. infantry company near the Cambodian border.

The giant Stratofortresses, in one of three raids, hammered at North Vietnamese concentrations 16 miles northwest of the Plei Djereng U.S. Special Forces camp. This was near the area where an estimated 500 North Vietnamese regulars attacked a company — 178 men — of the U.S. 25th Infantry Division Sunday.

A U.S. spokesman said the infantry company suffered heavy casualties in the initial Communist assault of a battle that lasted 1½ hours. He said 26 North Vietnamese were killed.

Battle Sets Back Drive To Clean Out Guerrillas

SAIGON, South Viet Nam (AP) — The battle of Tay Ninh Province set back a major U.S. effort to clean out Viet Cong guerrillas near Saigon.

Nearly half the combat battalions of the 1st Infantry Division had been wheeled into position for the big pacification campaign. Some operations had been mounted just outside the Vietnamese capital.

The U.S. plan — which probably will be carried out after the Tay Ninh battle ends — calls for four battalions of the 1st Division to do pacification work.

President Faces Surgery On Wednesday

SAN ANTONIO, Tex. (AP) — President Johnson returns to the White House today, optimistic about the surgery he faces Wednesday and philosophical about Republican election gains.

"I don't think the country is going to the dogs," Johnson told a news conference Sunday in the modernistic municipal center at Fredericksburg, 15 miles west of his Texas ranch.

Johnson announced he will enter the Naval Medical Center at Bethesda, Md., late Tuesday and be operated on there early Wednesday. Doctors will remove a growth from his throat and repair a hernia along the incision from his 1965 gall bladder-kidney stone surgery.

Saying the twin operations "will take perhaps less than an hour," Johnson predicted he would remain in the hospital "a very few days," then return to Texas to spend much of the time until Congress reconvenes Jan. 10.

Republicans made bigger gains in a expected congressional gains in last Tuesday's national election. But, after citing notable Republican support for administration measures in the past three years, the President concluded this did not mean the country was going to the dogs.

"I think that after an election, our motto is tested," he said. "We have to look at our weaknesses and try to patch them up, try to develop our strengths."

He forecast a more united Democratic party and a strengthened GOP.

Johnson did indicate he would be very mindful of increased Republican strength in reading proposals for the 1967 Congress.

"I would anticipate we will be very careful in our preparation of our recommendations," he said, "and we will try to enlist the support of both parties. I don't anticipate any great trouble."

3 Successes Give Boost To Moon Race

CAPE KENNEDY, Fla. (AP) — Spacewalk champion Edwin E. Aldrin Jr. thrust head and shoulders out of a Gemini 12 door today and coolly clicked pictures of the sunrise, Milky Way and earth — the last adventure by a U.S. astronaut outside a space ship until 1968.

The photo session — most of which was performed out of range from earth tracking stations with a minimum of conversation heard on the ground — lasted slightly longer than the 40 minutes originally planned.

"We've got a little leg room here for a change," command pilot James A. Lovell Jr. said, referring to the fact that Aldrin had dumped unneeded equipment overboard while the hatch was open.

"Keep space clean," mission control center said.

"NORAD will have a fit keeping track of all those bits and pieces," Lovell quipped. NORAD is the North American Defense Command, which keeps track of all orbiting objects.

The pilots used more fuel than expected during Aldrin's time outside, cutting off plans to remain outside over the United States to photograph terrain.

"That was a pretty expensive EVA—extra vehicular activity—in the way of fuel," reported Lovell.

"We used 20 to 25 per cent."

The space agency said Aldrin's hatch opened about 9:53 a. m. (EST) and closed 52 minutes later.

While outside, however, Aldrin successfully photographed stars and terrain features. The "space stand" boosted his record space exposure time to 5½ hours.

The next U.S. space walk is not scheduled until 1968 on the fourth manned earth-orbital flight planned in America's Apollo man-to-the-moon program.

Israelis Attack Jordanian Towns

TEL AVIV, Israel (AP) — Israeli forces attacked three Jordanian villages and clashed sharply with Jordanian ground and air forces Sunday in a raid retaliating against guerrilla attacks from Israel's Arab neighbors. Shooting also erupted again across the Israeli-Syrian border.

Both Jordan and Israel claimed they inflicted heavy losses.

U.N. observers obtained a cease-fire about four hours after the tank-led Israeli forces swept two miles across Jordan's border. The Israeli troops withdrew. Firing across the Syrian border ended about 6:30 p.m.

Premier Levi Eshkol of Israel said the attack was a "warning raid" against Jordanian centers he charged were used by "El Fat h" commandos as bases for sabotage inside Israel. Israel claims the El Fatah raiders are Jordanians acting under Syrian instigation.

Israel made an aerial attack last July on a Syrian installation in retaliation for El Fatah sabotage, but the terrorist raids have continued.

The Israeli attack, in brigade strength, was made on the Jordanian villages of Samu, Hirbeit Karkaz and Jimba. The villages are about 30 miles south of Jerusalem in a bulge of Jordanian territory west of the Dead Sea.

Israeli and Jordanian jets clashed in dog fights. Israel claimed it downed one Jordanian plane. Jordan said it bagged two Israeli jets.

At the United Nations, Jordan's Ambassador Muhammad H. El-Farra said the Israeli troops killed 26 Jordanians — 13 soldiers and 13 civilians — wounded 54 and captured three soldiers.

In Amman, a Jordanian military spokesman said 50 Israelis were killed or wounded and 10 tanks destroyed.

Three Jailed In Tot's Death On Turnpike

TOLEDO, Ohio (AP) — A Indiana man was arrested and the parents of an 11-month-old boy also were jailed today after the youngster died of an unexplained bullet wound, the Ohio Highway Patrol reported.

The victim, Paul English, was dead on arrival at a Toledo hospital after being shot in the head during an altercation which occurred Sunday night on the Ohio Turnpike.

Mr. and Mrs. Thomas English, the boy's parents, were taken to the Fulton County jail at Wauseon pending investigation, the patrol said.

Officers said the shooting apparently occurred during a fight between English, 22, and an acquaintance of the couple, 25-year-old Michael J. Harley, Goshen, Ind. They had stopped their cars beside the toll road near Swanton.

Harley fled the scene but was apprehended after returning to his home in Goshen, the patrol said.

English, his wife and daughter, Patricia Ann, 2, were unhurt. The girl was turned over to relatives in Toledo.

The patrol said Harley had lived in Toledo at various times.

Mrs. English and her two children had been living with her parents at Holland, Ohio, near Toledo. Her husband had been staying at another Toledo address for the past five months, the patrol said.

Calls Daughter About Shooting Of Wife, Self

MARTINS FERRY, Ohio (AP) — A Martins Ferry woman told police that her father called her before dawn Sunday to tell her that her mother was dead and he soon would be.

Police went to the home of the father, Dickson Danver, 60, and found Mrs. Danver, 58, dead a .22-caliber pistol wound in her head. Danver was alive when police arrived at the home but died before reaching a hospital.

Ohio's Traffic Toll Hits 23

By THE ASSOCIATED PRESS

Ohio's weekend traffic death toll had dropped sharply — about half the usual.

Then last Friday night a two-car crash killing four persons started the weekend toll on its way back toward the tragic normal.

At least 23 persons died during Sunday period, compared to 13 known victims the weekend before.

As a comparison, during October the weekend toll averaged about 26 lives lost.

Two Die in Fire

COLUMBUS Ohio (AP)—Fire officials who fought a house fire on Columbus' North Side early Sunday found the occupants, Mr. and Mrs. John H. Shevlin, both in their 70s, dead near an upstairs window.

Report Was True, He Sadly Learned

FOSTORIA, Ohio (AP)—Police Sgt. Forest Yates may not have caught the culprits, but he can prove they were up to no good.

When a man entered the police station Sunday night to report that youngsters were throwing rocks from a nearby railroad overpass, Yates volunteered to investigate.

A few minutes later, Yates radioed a confirmation of the report. The youngsters, who escaped, had smashed a hole in his windshield.

and entered the house while the hand was bleeding.

"I washed my hands in the sink," Eberling said. He said he also went upstairs but didn't know whether his hand was bleeding when he did. But it was still bleeding when he went into the basement to the sink there, he said.

Questioning brought out that Eberling's blood is of the same type as Sheppard's, Type A.

The window-washer also testified the Sheppards' dog, Koko, failed to get up from a chair where she was sleeping when he came into the house. At the first trial the state had noted that no one reported hearing Koko barking during the killing.

Eberling said that during his window-washing jobs he found the lake door of the Sheppard house unlocked.

Bailey has not confirmed it, but it is understood that defense planning does not presently include the 42-year-old former osteopath among the remaining witnesses.

Sheppard spent three days on the stand in 1954 telling his story of what happened July 4, 1954, when his first wife, Marilyn, was bludgeoned to death in the couple's lakefront home in suburban Bay Village.

The 1954 jury, composed of seven men and five women — as is the present one — convicted him of second-degree murder. He was sentenced to life imprisonment and served nine years before he won a review of his case then U. S. Supreme Court reversal of the conviction.

Sheppard has maintained, as he did on the witness stand in 1954, that he was struck from behind and knocked unconscious when he tried to close in on the slayer.

Struck by Train

LONDON, Ohio (AP)—Arthur Newberry, 84, of Greenup, Ky., was killed Saturday night when a train struck his car and a crossing in nearby Mount Sterling.

Patrolman, Judge Crash On Route 23

Ohio State Highway Patrolman Dale J. Starcher was hospitalized Saturday following an accident at 8:35 p. m. on Route 23 1½ miles south of Circleville.

Patrolman Starcher in pursuit of a northbound car, was involved in a collision with an auto driven by Judge Robert C. Cannon, 49, Wauwatosa, Wis.

According to the investigation, being conducted by Cpl. Ernest Wigglesworth of the local patrol post, Judge Cannon pulled from a service station exit across the south bound lane of traffic into the medial crossover. He stopped there, then pulled into the northbound lane into the path of the patrol car.

Starcher had caught up with the car he was chasing and was getting ready to begin a check of the vehicle's speed when the accident occurred.

The patrolman received a severe head laceration and was admitted to Berger Hospital. Judge Cannon was treated and released by the Berger emergency staff Saturday.

Patrolmen learned today that the judge had been admitted to Mt. Carmel Hospital in Columbus Sunday. However, they did not know the reason for his hospitalization.

Judge Cannon has been charged in Circleville Municipal Court with failure to yield the right of way.

Solon Pledges Legislative Assistance for Airport Here

Myrl H. Shoemaker, state representative - elect for the new 21st District, pledged his assistance today to the Pickaway County Commissioners regarding legislation that might be needed in safeguarding state funds for an airport here.

Shoemaker, elected last week to represent the newly created Pickaway-Ross County District, said the purpose of his visit was not to criticize the airport program here. But he termed an aviation facility as being of vital importance to a healthy industrial and business community.

"Being aware of the difficulties encountered in obtaining a desirable site and the time required for preparation of the request for a State grant, I realize that you may be working under a time element handicap," Shoemaker said.

"Let me emphasize that my purpose here today is only to assist by legislation if needed, in safeguarding airport funds for Circleville and Pickaway County."

"IT IS MY hope and my belief that Pickaway County can and will have an airport before June 30, 1967, the solon added.

Shoemaker has expressed similar sentiments toward an airport program in Ross County.

In the way of reply, the commissioners told Shoemaker they hope to have a Pickaway County airport construction program under way by early 1967. The current accent here dwells on a site in Washington Twp. in the vicinity of the Pickaway County Home farm. Engineering studies there already have been authorized.

A request by the state representative for use of space in the local Courthouse was granted by the commissioners. A room on the ground floor will be utilized as a location where Shoemaker can meet with Pickaway County constituents who desire to express their views, problems and questions.

Shoemaker, who plans to be here one or two days a week,

Patrolman, Judge Crash On Route 23

Ohio State Highway Patrolman Dale J. Starcher was hospitalized Saturday following an accident at 8:35 p. m. on Route 23 1 1/2 miles south of Circleville.

Patrolman Starcher in pursuit of a northbound car, was involved in a collision with an auto driven by Judge Robert C. Cannon, 49, Wauwatosa, Wis.

According to the investigation, being conducted by Cpl. Ernest Wigglesworth of the local patrol post, Judge Cannon pulled from a service station exit across the south bound lane of traffic into the medial crossover. He stopped there, then pulled into the northbound lane into the path of the patrol car.

Starcher had caught up with the car he was chasing and was getting ready to begin a check of the vehicle's speed when the accident occurred.

The patrolman received a severe head laceration and was admitted to Berger Hospital. Judge Cannon was treated and released by the Berger emergency staff Saturday.

Patrolmen learned today that the judge had been admitted to Mt. Carmel Hospital in Columbus Sunday. However, they did not know the reason for his hospitalization.

Judge Cannon has been charged in Circleville Municipal Court with failure to yield the right of way.

Solon Pledges Legislative Assistance for Airport Here

Myrl H. Shoemaker, state representative - elect for the new 21st District, pledged his assistance today to the Pickaway County Commissioners regarding legislation that might be needed in safeguarding state funds for an airport here.

Shoemaker, elected last week to represent the newly created Pickaway-Ross County District, said the purpose of his visit was not to criticize the airport program here. But he termed an aviation facility as being of vital importance to a healthy industrial and business community.

"Being aware of the difficulties encountered in obtaining a desirable site and the time required for preparation of the request for a State grant, I realize that you may be working under a time element handicap," Shoemaker said.

"Let me emphasize that my purpose here today is only to assist by legislation if needed, in safeguarding airport funds for Circleville and Pickaway County."

"IT IS MY hope and my belief that Pickaway County can and will have an airport before June 30, 1967, the solon added.

Shoemaker has expressed similar sentiments toward an airport program in Ross County.

In the way of reply, the commissioners told Shoemaker they hope to have a Pickaway County airport construction program under way by early 1967. The current accent here dwells on a site in Washington Twp. in the vicinity of the Pickaway County Home farm. Engineering studies there already have been authorized.

A request by the state representative for use of space in the local Courthouse was granted by the commissioners. A room on the ground floor will be utilized as a location where Shoemaker can meet with Pickaway County constituents who desire to express their views, problems and questions.

Shoemaker, who plans to be here one or two days a week, said he had been to the Courthouse for a year ago, he said, he almost quit smoking but didn't.

Administrative Duties at LE To Be Divided

The Logan Elm board of education has agreed to separate the combined position of principal - superintendent now held by John Henn, board spokesman Carolyn McCoy said Saturday.

Mrs. McCoy said an article in Friday's edition of The Herald which said a principal would be hired for the 1967-68 school year was incorrect.

The board has not yet reached a decision whether to employ a principal or a superintendent, she emphasized.

Air Force Halts Search for Plane

OTIS AIR FORCE BASE, Mass. (AP) — The Air Force has given up its search for a radar picket plane that crashed in the Atlantic Friday and has declared the 19 crew members dead.

A burned flight jacket and other debris were found in the search area about 125 miles southeast of Nantucket Island near Cape Cod.

Nine Air Force officers arrived at Otis during the weekend to investigate the crash of the Constellation.

Trash Fire Doused

The Circleville Fire Department doused a trash fire at the rear of 818 S. Pickaway St. at 4:24 p. m. Saturday.

He will announce a definite schedule later. The room he will use also serves as local working headquarters for the state examiner when he is in the county.

Graft, Pilferage Become Widespread in Viet Nam

EDITOR'S NOTE—The United States is spending enormous sums of economic and military aid to South Viet Nam. What happens to it when it gets there? A study by an Associated Press team shows that millions of dollars are lost to profiteering, graft, and bribery.

By FRED S. HOFFMAN
SAIGON, South Viet Nam (AP) — One day recently, more than 400 bags of U.S.-supplied cement were flown to a province north of Saigon. About half of them, earmarked to build a school, vanished.

U.S. officials couldn't pry a plausible explanation from the Chan Thanh district chief, to whom the 200 missing bags were consigned.

So it was marked down as a case of probable illegal sale of U.S. aid goods.

The United States was the loser on two counts:

1. The American taxpayer is out the cost of the lost, strayed or stolen cement.

2. The battle to gain the confidence and support of peasants and villagers has suffered setback.

This is but one example of what some officials concede is a widespread pattern. It is a pattern of pilferage, diversion, black marketeering and corruption which adds millions of dollars to the cost of the U.S. military and economic effort in South Viet Nam.

Some such pattern is familiar in every way. However, the extent in Viet Nam seems unprecedented for the size of the conflict, even though only a minority of unscrupulous Vietnamese and Americans are involved.

Many details of how the chicanery works have been turned up by an Associated Press reporting team which made spot investigations and tapped official and unofficial sources from Viet Nam to Washington. No doubt much remains hidden.

Some U.S. officials say the full extent of the thievery and other wrongdoing will never be known.

Certain representatives of the United States Agency for International Development working in the provinces, have told congressional investigators that as much as 10 to 20 per cent disappeared by the time American-financed shipments of rice, building materials and other commodities reached them.

U.S. economic aid to South Viet Nam ran over \$715 million last year. It will be higher this year. Most, but not all, of this aid is given in the form of goods and equipment.

Precise figures on the losses are elusive, but based on the \$715 million economic aid program and a PX supply inflow of some \$150 million a year, a 20 per cent loss figure—which is suggested by most knowledgeable

sources—would come to nearly half a million dollars daily.

Much of what the United States sends to this country, to prop up its economy and develop its resources, is producing positive results.

But there have been serious weaknesses in U.S. controls, management and staffing of the American organizations supervising the aid.

Probably the weakest link in the whole chain has been the Vietnamese government machinery.

U.S. officials despair at the inefficiency of the Vietnamese bureaucrats in the customs service and other Saigon government divisions.

But more than that, there is strong suspicion of venality, bribery, kickbacks and corruption among Vietnamese government officials and businessmen.

Asked whether there is corruption in the government of Premier Nguyen Cao Ky, one State Department official said Washington replied this way:

"I am not sure but that, given the same circumstances, there would not be just as much chicanery and skulduggery in any country in the world."

By "circumstances," he said he meant disordered conditions throughout much of the nation, an unrealistic rate of currency

exchange and—perhaps most important—a vast inpouring of money.

Ky has promised strong action to blot out corruption. Six months ago, he appointed Lu Van Vi, a former justice minister, as his general superintendent for the project. So far, Vi and his 25-man investigative staff have been instrumental in removal of one district chief and the transfer of several minor functionaries. It's a small beginning, but Vi hopes to do more in the months ahead.

Both Vietnamese army and navy unit commanders have been accused by some Americans privately of padding their rosters, either by claiming they had more men than actually were in their units or by keeping combat casualties on their lists of active troops.

By so doing, they collect money to pay nonexistent fighting men.

No dependable estimate is available on how much money is misappropriated in this way.

Some materials have disappeared in mysterious fashion. One coastal freighter dropped an unrealistic rate of currency from sight in March with tons of cement and copper wire in her hold.

The 700-ton Valiente last was heard from on March 14, when she radioed that she was off Nha Trang and was due to reach Da Nang on March 16. The vessel was outbound from Singapore, and the cement was for the U.S. Air Force, the copper wire for a Saigon builder.

In other episodes, the tracks clear, but getting proof was of the thieves seemed quite something again.

The AID agency has been unclear, but getting proof was under the searching eye of the U.S. government's tough General Accounting Office.

GAO examined U.S. operations and, reporting to Congress in August, quoted officials of the AID mission here as saying the South Vietnamese government lacked "sufficient qualified personnel" to manage the important commercial import program, that the mission staff was inadequate and that "controls must be sacrificed in order to keep the program running."

GAO would not accept this. As a result of GAO's prodding and the urgings of Congress, the AID agency and the Agriculture Department, which administers a surplus food program here, have beefed up their auditing staffs.

And there are the beginnings of tighter curbs.

Stolen Papers Sold in Dayton Blackmarket

MIDDLETOWN, Ohio (AP)—The cost of newspapers skyrocketed Sunday in newspaperless Dayton, where the going price was as much as \$1.

Police said 250 Sunday editions of the Cincinnati Enquirer were stolen here Sunday and sold in Dayton for as high as a dollar a paper.

Dayton residents have been without their two daily papers, the Journal-Herald and the Daily News, several days because of a strike.

The Enquirer papers, which sell for 25 cents, were taken from a shopping center where they had been left for home delivery for Middletown residents.

A right arm that began to grow numb, tingling, and weaker each day until after three weeks it hung useless by his side sent this fifty-nine year old businessman to a chiropractor. The doctor located severe nerve pressures in the base of his neck and between his shoulders that had previously been overlooked. X-rays of his spine enabled the doctor to properly re-align the displaced vertebrae causing the nerve interference responsible for his paralysis. As regular spinal adjustments released the disabling nerve pressures, renewed vitality and strength gradually, but naturally, returned. Within two months he was using his arm without trouble of pain.

A very talented fifty-two year old seamstress complained of severe recurring pains in her neck and down between her shoulders. For four years she had been suffering, finding only temporary relief. Finally, when her right shoulder and arm began to grow numb and tingle — and her right hand became weak

and painful — she decided to try chiropractic.

Spinal analysis and x-ray disclosed mis-aligned vertebrae producing nerve interference to the troubled shoulder and arm. Corrective adjustments restored normal alignment, removed the nerve disturbances and permitted her body to return normal, healthy coordination to her bread-winning arm and hand. This was several years ago. Today, she remains healthy, happy and still sees beautifully — thanks to chiropractic.

The chiropractic profession suggests that if chiropractic has already made you well, a regular check-up will keep you well, and if you have a sick friend, send him to your chiropractor. Your encouraging words may make a difference between a life of untold suffering and a life of radiant health and happiness. Who knows, you may even save his life. In either case, it will make you feel good to help your friend.

Presented in the public interest for better health through chiropractic.

Facts Nobody Cares For

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

In these inflationary times even the cost of sleeping is going up. Americans now spend \$38 million a year on sleeping.

Fat does run in families, just as most of us have suspected for some time. A scientific study of 1,000 families found that 73 percent had at least one obese parent.

Wouldn't you like to live in Japan? Men retire there at the age of 55. The catch is that the average annual income in Japan is only \$670 a year.

Most men probably would prefer to be a steeplejack than drive a nitroglycerin truck for a living. But the steeplejack's job is actually three times as risky.

'Is Paris Burning?' Rated Superior to Most Epics

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD (AP) — New movie:

Paramount-Seven Arts has produced the latest chronicle of a World War II epoch, "Is Paris Burning?" which details events leading up to the recapture of the French capital. With a cost of thousands — perhaps millions, thanks to news reel shots — the film captures the drama, sweep and horror of war.

This is one of those multistar projects in which high-priced players take roles that ordinarily would be cast with bit players. Thus watching the movie becomes something of a game — "Why, that's Charles Boyer!" — rather than an emotional experience.

Yet "Is Paris Burning?" does play on the emotions, often effectively. The scene in which prisoners are shipped by train to concentration camps is a chilling reminder of what the war was all about. The entrance of Free French and American troops to the city brings an onrush of feeling, although some viewers may find their joy tempered by a realization of present-day French attitudes toward their onetime liberators.

The logistics of the film were obviously enormous. Darryl Zanuck could produce "The Lon-

gest Day" on deserted beaches and quiet villages. But "Is Paris Burning?" could be made only on one set: the City of Light itself.

The late Paul Graetz, a German-born American who produced films in France, and French director Rene Clement accomplished their organizational work with skill. The screenplay of Gore Vidal and Francis Ford Coppola contain more cohesion than most of the episodic war films.

The film is in black and white, necessarily so to match modern scenes with news reel photography — a final panorama in color shows today's Paris in all its glory. The matching is imperfect.

Acting honors go unquestionably to Gert Frobe "Goldfinger," a mountain of strength as Dietrich von Choltitz, the German general who spared Paris from destruction — he died last week. Another heavy-weight, Orson Welles, performs as the Swedish consul-general who deals with him for a truce.

Kirk Douglas, Glenn Ford, Leslie Caron, Alain Delon, Anthony Perkins, Yves Montand and Simone Signoret are among those who play fragmentary roles.

AP Television-Radio Writer
NEW YORK (AP) — Astronaut Edwin E. Aldrin Jr.'s space walk Sunday was happily timed — at least for the television networks and the professional football fans.

NBC, with puppets demonstrating the extra vehicular activity and CBS, using a human space engineer outside a mock-up of a space craft, showed the astronaut's activities as they were reported. It was wrapped up with time to spare before the games started. One hesitates to predict whether the spacemen or the gridiron warriors would have prevailed had there been a time conflict.

Although the coverage of the space exploit was complete, it was difficult, if not impossible, to understand the voices of the astronauts. But, as David Brinkley noted, the miracle was that we were able to hear at all the voice of a man as he

climbed around outside a space ship beyond the earth's atmosphere.

After all the recent Sundays in which television has been awash with politics, it was almost a relief to get back into programming featuring animals, undersea exploration and old movies.

True, there was Barry Goldwater on ABC talking about the election and Gov. George Romney was denying he was a presidential candidate on NBC's "Meet the Press." But on the late afternoon "Frank McGee Report" — McGee was missing, on his space assignment — the entire program was devoted to a report on California, its people, its economics, its personality — but not, for a change, its politics.

"Back to Budapest" NBC's news special in early evening, showed the city 10 years after the revolt by Hungarian freedom fighters was crushed by the Communists with Soviet help.

Frank Bourgholtzer and his cameraman — the photograph was excellent — visited a factory, a school and the homes of a working couple and the manager of a nationalized textile factory.

He found that food was plentiful, rents in old buildings cheap, and life was pleasant for the most part. People attend church freely, artists paint and writers write and the Communists even permit a satirical revue to kid the government. He did find that workers and plant managers alike earn small salaries and live in crowded quarters.

Bourgholtzer, however, did not tell us how much freedom he and his cameraman were allowed, and whether he was able to choose the people into whose homes he went. Certainly none of the Hungarians, most of them stiffly aware of the camera, had anything important to say.

Author Thomas Merton in "Conjunctures of a Guilty Bystander." ODD LEGISLATION: An old law in Kansas forbade the eating of rattlesnake meat in public — or the eating of any snake on Sunday.

MAN AND MOUSE: Man, if you're like a mouse, you'd better beware strenuous weekend exertions after five sedentary days in the office swivel chair. Researchers have found that mice subjected to sudden and unusual exercise developed more heart disease than those which were exercised regularly.

There has been a marked change in the typical drug addict, according to U.S. authorities. A generation ago he was a 40-year-old Southerner who took morphine. Today he is a 27-year-old New Yorker who uses heroin.

SALESMANSHIP IN THE FAR EAST: Some Japanese insurance firms are hiring widows to sell life insurance. Their sales pitch: "If my husband had taken this policy, I wouldn't be here now trying to sell it."

THE PRICE OF INEXPERIENCE: Only five states require special tests for motorcycle drivers, and yet a recent study showed that 20 percent of those hurt in motorcycle accidents were taking their first or second ride.

HOUSEHOLD WARNING: Furniture polish around? It causes more lung damage than any other liquid accidentally swallowed by toddlers in the home.

HISTORY LESSON: Can you name the first U.S. president who regularly wore long trousers instead of knee breeches? He was James Madison, the fourth president, who served from 1809 to 1817.

FOLKLORE: Opening an umbrella in the home will bring bad luck. Waiters believe that if they break a dish their tips will be low for the rest of the day. To cure the whooping cough, sew a live, fuzzy caterpillar in a cloth sack and wear it around your neck. Place a piece of iron under your doorstep to keep witches away.

Peace, it's wonderful, but it is so hard to find now that, surveys show, more than 25 percent of American adults take some kind of tranquilizing drug.

Laff-A-Day

Try and Stop Me

By BENNETT CERF

WHEN THE LATE Sherman Billingsley's Stork Club was the place in Manhattan for "in" people, there was nothing, recalls Earl Blackwell, that could disturb Sherman's gentlemanly aplomb. Once Ernest Hemingway picked up a twelve-dollar tab at Table Number One and offered in payment a check for \$150,000 he had received that day from the movie makers of "For Whom the Bell Tolls," Billingsley pocketed the check without blinking an eye and remarked casually, "Can you wait a few minutes for your change?"

They'll never stop telling stories about the New York Mets' original first baseman, Marv Throneberry. Arthur Daley recalls a day when Marv banged out a triple with the score tied in the ninth inning—then was called out for failing to touch first base. Manager Casey Stengel came roaring out of the dugout to protest. "Save your breath," advised the umpire. "He didn't touch second base either."

A race track aficionado nudged the owner of a nag about to run his first race on a local track and asked, "Can this horse of yours run a mile and a half?" The owner responded, "He probably can—if you don't mind waiting for him."

Speaking of YOUR HEALTH...

By LESTER L. COLEMAN, M.D.

Is the skin condition pityriasis rosea a hereditary or contagious disease?

This rather strange skin condition is mild and almost always disappears in three or four weeks with or without any form of treatment.

It first appears as a single "mother" patch about the size of a quarter which is rose colored, circular and scaly. Sometimes it resembles a ringworm infection. About five to eight days after the single patch appears there is an eruption all over the body mostly in the arms and rarely on the face.

The name means "red and scaly" which characterizes the skin eruption. Sometimes the itching becomes very severe until it is relieved with medication.

The symptoms of skin conditions are few and, therefore, the exact diagnosis can only be decided by the dermatologist or skin specialist.

This condition is not a hereditary one. Even though it is thought to be caused by a virus it is not markedly contagious. The spring and the autumn are the times when rosea occurs.

Treatment is directed to relieving the severe itching (pruritus). Exposure to sunlight or ultraviolet rays make the condition disappear more rapidly.

What is the danger of regularly taking an antibiotic during the winter to prevent colds or infections?

The defense mechanism of the body is usually quite sufficient to handle the invasion of germs and viruses. When this defense

Growing children benefit mostly from vitamins during the fall, winter and spring.

'China Watching'

The game of "China watching" is played closely: when a Lin Shaochi moves below a Lin Piao on the list of functionaries surrounding Mao Tse-tung, vast significance is read into it in the government offices and banks of Taiwan, Tokyo and Hong Kong, and the news is quickly relayed to America. But when it comes to "Moscow watching," we are negligent. The ratification of a U.S.-Soviet air travel agreement, which is purely commercial in its significance, is hailed as a momentous step in un-freezing the Cold War. But when close "Moscow watchers" such as the Radio Liberty experts in Munich and New York come up with a searching comparison of the annual "October slogans" published in Pravda, the whole thing passes without much notice. We want to think the best of Russia and the worst of Red China, and so we lead with our hopes, not our brains.

The Soviet "October slogans" this year are heartening in one respect from the American standpoint, for they complete Moscow's business of denoting Red China's Mao Tse-tung to an unpersuaded and the Chinese Communist Party to an unthawing. Only the "Chinese peoples" are admitted to friendship with the Soviet Union. The government of Red China is placed as low as Albania on the Soviet totem pole, which means that in Moscow it would have to look up in order to see a snake's belly. Yugoslavia, a truly revisionist Marxist nation, is listed in Pravda as more socialist than either Red China or Albania. The listing displeased North Korea's Kim Il Sung, but the Russians rebuffed the Korean's suggestion that Tito wasn't a real socialist.

The deepening rift between Moscow and Peking, however, has not been accomplished by any softening of the "October Slogans" insofar as they relate to the United States. For the first time, an "October slogan" refers to the American support of South Vietnam as a "war." Of perhaps greater significance is the omission from the slogans of the old demand that the peoples of Vietnam be granted "the possibility of deciding their affairs on their own." Moscow, so the Radio Liberty Kremlinologist, Christian Duvell, says, "is no longer interested in a democratic solution of the Vietnam question in accordance with the sovereign decision of the Vietnam people expressed in an election." The National Liberation Front, the Vietcong political arm, is accepted by Moscow as the "true" representative of the South Vietnamese people without asking for the formality of a secret ballot. And the word "unity" is substituted in the Vietnam "October slogans" for last year's "unification." Apparently Moscow considers it a closed book that North Vietnam and South Vietnam are a single country.

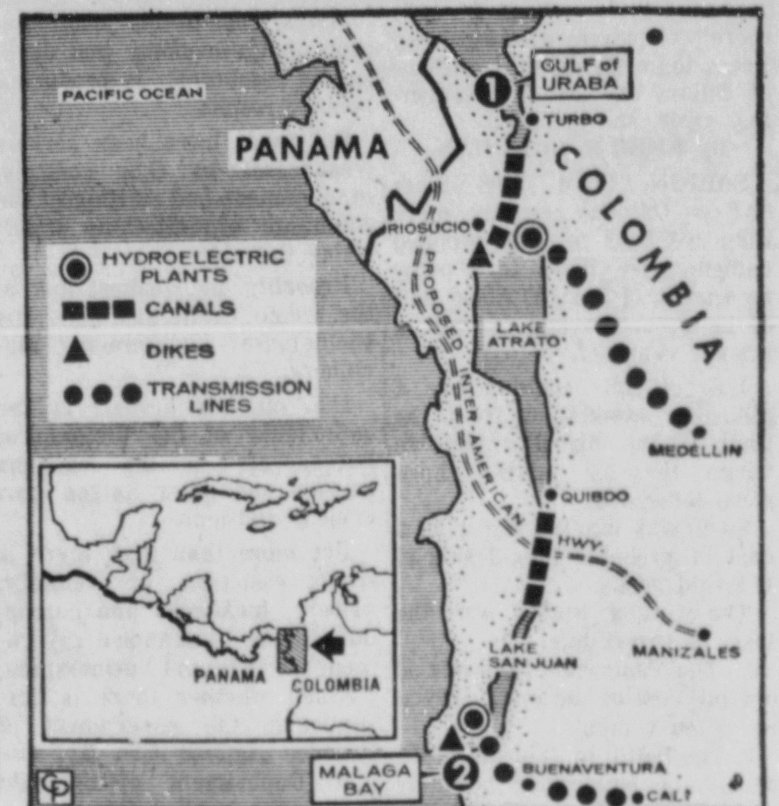

The disappearance of the note of elasticity from the Soviet approach to peace in Vietnam is an obvious blow to the hopes of Washington peacemakers. And when it comes to U. S. hopes in other parts of the world there is little compensatory balm to be found in Moscow's current sloganeering. For example, the Soviets are subtly wooing the West Germans to follow de Gaulle in his anti-Americanism. Last spring the Russians were still speaking of the "revanchist and militarist forces of West Germany," and assuming that Bonn was Washington's irrevocable ally. Now they are asking

that the "German question" be solved on a "peace-loving, genuinely democratic basis." The olive branch to Erhard's successor or successors is already in the mouth of the Soviet dove.

A really ominous change in the "October slogans" relates to the Near East. The slogan addressed to the people of Syria has become virtually identical with the slogan addressed to Algeria, which has long been a Moscow favorite. Instead of saying that the people of Syria are "struggling for a democratic

state," the Soviet are now accepting an "independent, national democratic state" as an emerging Syrian reality. This taken together with Moscow's fraternal salutes to most of the peoples of the Arab world, means solid Soviet backing of the Syrians in their current attacks on Israel.

So where does this leave the U. S. on the rocky road to "detente"? It doesn't mean that we have no cards to play, but it does call for a sharper, harder sense of bargaining.

COLOMBIA PLANS A SEAWAY—Colombia is planning construction of a seaway from the Gulf of Uraba (1) to Malaga Bay (2) through its Choco Valley. The seaway will be created by building two earth dikes to create two large lakes which will be connected with the sea and each other by short canals. Hydroelectric plants to be built at each dike ultimately will produce a combined output of more than 3 million kilowatts of electricity.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In case after case, while gently relieving pain, actual reduction (shrinkage) took place.

Most amazing of all—results were so thorough that sufferers made astonishing statements like "Piles have ceased to be a problem!"

The secret is a new healing substance (Bio-Dyne®)—discovery of a world-famous research institute. This substance is now available in suppository or ointment form under the name Preparation H®. At all drug counters.

Paralysis Responds to Spinal Adjustments

DR. HERMAN H. SHUTTEWORTH
Chiropractor

A right arm that began to grow numb, tingling, and weaker each day until after three weeks it hung useless by his side sent this fifty-nine year old businessman to a chiropractor. The doctor located severe nerve pressures in the base of his neck and between his shoulders that had previously been overlooked. X-rays of his spine enabled the doctor to properly re-align the displaced vertebrae causing the nerve interference responsible for his paralysis. As regular spinal adjustments released the disabling nerve pressures, renewed vitality and strength gradually, but naturally, returned. Within two months he was using his arm without trouble at pain.

A very talented fifty-two year old seamstress complained of severe recurring pains in her neck and down between her shoulders. For four years she had been suffering, finding only temporary relief. Finally, when her right shoulder and arm began to grow numb and tingle — and her right hand became weak and painful — she decided to try chiropractic.

Spinal analysis and x-ray disclosed mis-aligned vertebrae producing nerve interference to the troubled shoulder and arm. Corrective adjustments restored normal alignment, removed the nerve disturbances and permitted her body to return normal, healthy coordination to her bread-winning arm and hand. This was several years ago. Today, she remains healthy, happy and still sees beautifully — thanks to chiropractic.

The chiropractic profession suggests that if chiropractic has already made you well, a regular check-up will keep you well, and if you have a sick friend, send him to your chiropractor. Your encouraging words may make a difference between a life of untold suffering and a life of radiant health and happiness. Who knows, you may even save his life. In either case, it will make you feel good to help your friend.

Presented in the public interest for better health through chiropractic.

Girl Scout Earns First Class Award

STARR TIPTON

Starr Lynn Tipton, daughter of Mr. and Mrs. Ralph W. Tipton, 603 N. Court St., has completed requirements for the First Class Award in Scouting, Cadet Troop 1132 under Mrs. Mary Penn, troop adviser.

Miss Tipton, a sophomore at Circleville High School, is presently serving in Senior Scout Troop 425. She has been a scout for eight years and patrol leader in her troop four years. She holds 56 merit badges.

Requirements for receiving the First Class Award in Girl Scouting, equivalent to the Eagle Scout rank for boys, are:

A minimum of six Cadette Scout badges which show an understanding in each of the areas of arts, citizenship, health and safety, home, international friendship and the outdoors; meeting the challenges of social dependability, emergency preparedness, active citizenship and the challenges of the Girl Scout Promise; each challenge takes a minimum of six months to complete including badge work and the challenge preps. Three years are spent in earning the award.

Two other girls are recent receivers of the award. They are Brenda Kaye Southward, daughter of Mr. and Mrs. Herbert Southward, 486 E. Main St.; and Beth Ann Moore, daughter of Mr. and Mrs. Del Moore, 132 N. Pickaway St.

PORT CLINTON, Ohio (AP) — The Coast Guard at Marblehead will continue dragging today for the body of Austin Henry, who apparently drowned with his wife Sunday when their small fishing boat capsized in Lake Erie.

The body of Anne Henry, 45, was recovered shortly after the boat capsized off Sand Beach, about 18 miles west of here. Coast Guardsmen dragged for Henry, about 56, but were unable to locate the body.

ates, and liberals. One illustration has been provided in a hurry.

Goldwater also appeared Sunday on television, on ABC's "Is-

sues and Answers," and was pretty cool about the idea Romney might head the party in 1968.

But in the states there is a lot of division among Democrats, too, and if any single weakness in the party seemed to be re-

vealed by Democratic setbacks last Tuesday it was this:

President Johnson is a political master in organizing his immediate area, but only one with which he is familiar: Congress, where he spent 23 years, his own immediate staff and de-

partment heads.

Long before the elections, for whatever his reason, he had reduced to a shambles the one Democratic organization whose job is to take care of election and campaign details, the Democratic National Committee.

The Circleville Herald, Mon. Nov. 14, 1966 5

Politically, for Johnson, this chairman of the Republican National Committee, brought in to help reorganize his party after the 1964 debacle, apparently did a fine job taking care of details.

• WHAT ARE THE FACTS BEHIND THE WIDE RANGE IN PRESCRIPTION PRICES ?

FACT #1. All prescriptions must be filled precisely as ordered by your Doctor. This is strictly regulated by State and Federal law to guarantee quality.

FACT #2. Prescription prices are at the sole discretion of the individual drugstore or chain. They may vary from 30% to 70% higher from store to store, depending on where or when you have them filled.

FACT #3. Some druggists are forced to pay more than others for prescription drugs because they order lesser amounts. They must therefore, obviously, charge more.

FACT #4. Because Revco fills more than 4½ MILLION prescriptions each year, we buy huge quantities . . . from America's leading manufacturers of ethical pharmaceuticals. This means big savings.

FACT #5. Revco's unique policies in warehousing, distribution and store operation afford additional economies which are reflected in our everyday low prices on prescriptions.

FACT #6. To prove how much you can save, have your next prescriptions priced at Revco. Chances are good that you'll have them filled there, too!

put his finger on his party's dilemma in these next two years. The Republicans are not alone. In that same period, if they hope to win 1968, the Democrats will have to find a way to get out of the stagnation that now besets them and just cost them seats in Congress and governorships.

Romney, fresh from his third-term victory in last Tuesday's elections, Sunday on NBC's "Meet the Press" panel explained what he thinks the Republicans need to do to win the White House in 1968.

"Well," he said, "I think it is going to take demonstrations on the part of the Republican party that they are the party of promise and they are the party that can solve the problems of this nation better than the people now in control of the national administration."

In other words, they will have to stand for something imaginative and constructive. For years they have been the "against" party, never better illustrated than in the 1964 presidential election year.

The Republicans, under right-wing control, suffered a colossal disaster and their presidential candidate, Sen. Barry Goldwater, was trounced by Lyndon B. Johnson.

But that was the same fate they had met in every presidential election since 1932, except for the two victories of Dwight D. Eisenhower of 1952 and 1956. Yet, his victory was a vote for the man, not for the party, as the voters demonstrated.

In 1952 they gave Eisenhower a Republican - controlled Congress to work with. Two years of that were enough. In 1954 the Democrats regained control. In 1956 the voters, again repudiating the Republicans as a national party, elected Eisenhower for a second time but gave the Democrats a majority in Congress.

Nationally, last Tuesday's elections were a continuation of this voters' attitude although much has been made of the fact that the Republicans did better than expected.

They regained 47 House seats, giving them a total of 187, but the Democrats still run the show with a total of 248. Yet, all 435 House seats were at stake.

In the Senate the Republicans gained three seats, for a total of 33, while the Democrats, with 67, run the show. So much nationally. On the state level the Republicans did well, capturing eight governorships, for a total of 25.

But what the Republican party — as a national party — stands for is hard to say. They're still divided between intense conservatives, moder-

ates, and liberals. One illustration has been provided in a hurry.

Goldwater also appeared Sunday on television, on ABC's "Issues and Answers," and was pretty cool about the idea Romney might head the party in 1968.

But in the states there is a lot of division among Democrats, too, and if any single weakness in the party seemed to be revealed by Democratic setbacks last Tuesday it was this: President Johnson is a political master in organizing his immediate area, but only one with which he is familiar: Congress, where he spent 23 years, his own immediate staff and department heads.

The Circleville Herald, Mon. Nov. 14, 1966 5

Politically, for Johnson, this showed a poor sense of Democratic needs nationally, not just locally. In contrast, Ray C. Bliss, chairman of the Republican National Committee, brought in to help reorganize his party after the 1964 debacle, apparently did a fine job taking care of details.

Dear Abby: By Abigail Van Buran

Office Clown — Not So Funny

DEAR ABBY: I work in an office with three other girls, and there are about 30 sales and service men coming in and out all the time. One salesman, who is new with the company, is a great kiddier. The first week he said to me, "Say, I hear it's NATIONAL DAIRY WEEK, and everyone is supposed to take a cow to lunch. How about having lunch with me?" I didn't know how to take it, so I just laughed it off and let it drop.

The next week he was hanging around my desk singing, "Near you. It's like heaven to be near you." He never kids with any of the other girls and they are all single. (I guess I'd better tell you that he is married and so am I.) He's nice in every way, and I hate to lose his friendship. Would it be wrong to have lunch with him if I made it strictly lunch?

"ZOFTIK": Don't see this clown outside the office, and don't be so receptive to his jokes. Tell him it's "BE TRUE TO YOUR SPOUSE WEEK," which last 52 weeks a year. And ask him if he'd like to join.

DEAR ABBY: Before we were married I converted to the faith of my fiancé. It was partly to make his parent happy, and partly because I honestly believed it was the faith for me. However, a few months after we were married I was very miserable with my new faith and rather than stay on as a hypocrite, I made a neat break with it. This was done with the blessings of my wonderful husband. That was two years ago.

The problem now is that his parents do not know. They are not very understanding when it comes to religion, and they might make things very unpleasant for us. I'm so afraid if we don't tell them, they'll find out some other way. What do you suggest?

MIXED UP
DEAR MIXED UP: Tell them and get it over with.

DEAR ABBY: What can a 16-year-old do about her 6-year old brother, who is a mean little pest? When a boy comes over to see me, my little brother hangs around pestering us and asking a lot of embarrassing questions, like, "When are you two going to get married? And, 'Let's see you kiss!'"

Don't tell me to ask my parents to discipline him because

I have, and they won't do a thing about it. You see, he's the baby, and they think he's perfect. They won't let me hit him.

"ITCHY FINGERS"
DEAR ITCHY: One of the things a child should be taught as soon as he is able to talk, is when to keep quiet. In the absence of parental discipline, take the little clattertrap in hand and give him a few lessons. You don't have to hit him. Ignore him, and instruct your friends to do the same. Monthly children prefer being hit to being ignored.

CONFIDENTIAL TO J. J. C.: If you are too busy to answer your child's questions, you are too busy.

Irish, Spartans Await Top Clash

By MIKE RECHT
Associated Press Sports Writer

Nobody can quibble with Ara Parseghian and Duffy Daugherty this week when they are quoted as saying: "We're not looking past this week's game."

That's the cliché the two coaches have stuck with most of the season, but this time is for real. This is the week Parseghian's top-ranked Notre Dame and Daugherty's second - rated Michigan State meet in one of the most eagerly awaited college football games in years.

The Irish and Spartans set up their unbeaten battle with easy victories last Saturday, Notre Dame over Duke 64-0 and Michigan State over Indiana 37-19.

Terry Hanratty, back on the beam, completed eight of 13 passes for 127 yards and two touchdowns, one to favorite receiver Jim Seymour. The Irish also intercepted four passes in upping their record to 8-0.

Michigan State, winning its second straight Big Ten title, piled up a 37-7 lead as Jimmy Raye threw for three touchdowns and the defense held the Hoosiers to a minus 30 yards rushing.

With Michigan State ineligible for a Rose Bowl bid after going last year, Purdue, 5-1, wrapped up an almost certain bowl trip by polishing off chief challenger Minnesota 16-0.

Illinois, 4-2, clobbered Wisconsin 49-14, but even an Illinois victory over Northwestern Saturday and a Purdue loss to Indiana would give the Boilermakers the bid because they have never made the bowl trip before.

Another conference title was settled when undefeated Nebraska, No. 4 in The Associated Press poll, clinched its fourth straight Big Eight crown by overcoming Oklahoma State 21-

6 while Missouri eliminated Oklahoma 10-7.

Arkansas, 5-1, set up its unprecedented third straight Southwestern Conference title and a Cotton Bowl trip by dealing Southern Methodist its first defeat, 22-0 on Dave Dickey's two scores.

The Razorbacks, ranked sixth, need only a victory over six-time loser Texas Tech Saturday to clinch at least a tie and a certain bowl bid.

A 52-yard pass from Kirby Moore to Hardy King helped Georgia to a 21-13 triumph over Auburn and gave the ninth-ranked Bulldogs at least a share of the Southeastern Conference flag with a 6-0 mark. The Bulldogs had to come back from a 13-0 halftime deficit.

Georgia has completed its conference schedule but Alabama can tie by beating Auburn Dec. 3. The unbeaten Crimson Tide, No. 3, belted South Carolina 24-0 for its 13th straight victory.

UCLA, No. 8, struggled by Stanford 10-0 on Gary Beban's 24-yard scoring run, but its Pacific 8 title and Rose Bowl hopes were jolted when Beban later suffered a broken ankle. The star quarterback will miss Saturday's showdown game against Southern California, which is the other half of the regionally televised doubleheader after the Notre Dame-Michigan State affair.

Southern Cal, ranked seventh, leads the league at 4-0. It did not play last Saturday.

In other games involving Top Ten teams, Georgia Tech, No. 5, rolled by Penn State 21-0 as Larry Good ran for one touchdown and passed 20 yards for another, and Tennessee, No. 10, lost to Mississippi 14-7 on Jerry Richardson's 51-yard run with a recovered fumble in the last two minutes.

Hunting Season Opener Due Tuesday Throughout State

Hunting season for rabbits, pheasants and quail opens Tuesday throughout the state.

The outlook in Pickaway County is good, according to officials of the Division of Wildlife. They say the pheasant population is "better" than last year's count.

Where there is ample cover to provide food and concealment for the birds, there should be pheasant and quail in goodly numbers, game officials claim.

The same holds true for rabbits. The areas which provide suitable habitat for cottontails should provide nimrods with plenty of sport.

THE ONLY state owned area where upland hunting is permitted in Pickaway County is at A. W. Marion State Park.

Cloyce Hattery, park manager, pointed out that hunting is permitted anywhere except within 400 feet of buildings and public use areas.

The remainder of hunting areas in the county are on privately owned farms.

Hunters who have not yet contacted landowners for permission to hunt should look for the yellow "Hunting with Permission" signs.

A number of farmers in the county have signed agreements with the Division of Wildlife under the Hunting with permission program.

The Division of Wildlife offers this advice to hunters:

"Protect your privilege to hunt on private land. Ask the farmer first; respect his property; hunt safely; obey all game laws."

UCLA Pilot Out With Broken Leg

LOS ANGELES (AP) — Next Saturday, when the coaches discuss the turning point of the UCLA-Southern California football game, they will might pick a routine third-down play seven days earlier.

For on that wobbly incompleting pass, UCLA quarterback Gary Beban suffered a broken bone in the right leg just above the ankle.

The Bruins were ahead of fumbling Stanford at the time and went on to a 10-0 victory, but Beban, the versatile guiding force of the offense, was lost for the Bruins' biggest game.

Circleville Jr. High Team Posts 3-2 Gridiron Record

By BRENT BELL
Circleville Junior High Coach

The Circleville Junior High School Tiny Tigers began the season with over 80 hopeful players ended with 43 tough, hard-nosed gridders.

While battling against much larger teams all season, the tiny Tigers time and again out fought and out hit the opposition, posting three wins and two losses.

After their opening loss the tiny Tigers began to find themselves and turned into an exciting ball club.

In the first game against a big, fast Washington C. H. team they spotted the visitors to a 24-0 first quarter lead and then began to work together and held the visitors scoreless until the final seconds of the ball game when they scored 6 more to win 30 to 0. Even though beaten the junior high gridders showed the drive and determination which is the mark of a winner.

Against Hamilton Township, the tiny Tigers began to jell and completely dominated the ball game by winning 22-0. The entire ball game was played at Hamilton's end of the field and the stout Tiger defense held the big opposition to only four first downs.

Play after play the gridders out hit Hamilton's big line and drove them backward controlling the game.

Chillicothe Mount Logan next invaded the Circleville lair but were completely shut out by the Tiger's 14-0 victory. Early in the ball game, the tiny Tigers lost their first team fullback and end because of injuries, but this made them fight all the harder. The game was marked by exciting end sweeps by the quarterback Tom Bowers, and the crushing runs up the middle by David Skaggs, who was converted from his tackle position to fullback after first quarter injuries.

A rematch in the fourth game against Washington C. H. ended much the same as the first. The tiny Tigers played valiantly against the big, fast Blue Lions but just didn't have the size to stop Washington's big fullback. The highlight of the game though was a 92 yard kick off return by the tiny Tiger quarter

back Tom Bowers. Bowers picked up the ball on his own eight yardline and then using his blockers well, cut and squirmed 92 yards for a touchdown. This was the only touchdown scored against Washington by anyone all season.

The junior won the last ball game by a score of 14-6 over Hamilton to give up the ball on downs and interceptions.

The Tigers again used their end sweeps and fullback plunges to mount their scoring drives. An outstanding job was done by Greg Heiskell who filled in for injured starting tailback Doyle Kiser. Heiskell, again and again, picked up vital yardage on third and fourth down situations to keep drives alive. He also intercepted a pass late in the ball game to insure the win.

It is extremely hard to single out the outstanding players for they all contributed greatly to a successful season. The success of the offense was stimulated by the hard running of Tom Bowers, Dick Radcliff, Doyle Kiser, Greg Heiskell and David Skaggs behind the rugged blocking of Max Wagner, Don Valentine, Richard Campbell, Steve Davis, Mike Webb, and gummy Dennis Shaw.

Other standouts on defense were Mark Davey, Chris Long, Mike Hamrick, and Jim Mogan.

Other stalwarts were Robert Compton, Mike Fuller, Doug Good, Keith Grooms, Rick Olney, Rickey Jacobs, Doug McCoskey, Gary Robbins, Jeff Griffith, Craig Allison, Rick Blankenship, Bill Fowler, Paul Garrison, Jeff Harr, Ronnie Leasure, Terry Leasure, Richard Metcalf, Terry Morrison, James Neal, Jim O'Brien, John Payne, Greg Shires, Danny Smith, Richard Speakman, Doug Spangler, David Sowers, Kenneth Temple, and Dennis Wood.

Black, Benner, Huffman, Minor Named Scioto Valley Conference Coaches Select Outstanding Grid Players

Logan Elm placed three grid-ers on the All-Scioto Valley Conference offensive team and Westfall had one named to the defensive unit.

Picked last week, the team was announced today. Gary Black and Don Benner of Logan Elm were unanimous choices on the offensive line. Tim Huffman received the coaches' nod at a backfield post.

Jim Minor of Westfall earned a spot as a defensive back.

Jim Van DeGriff, coach of the unbeaten Unioto Shermans, was picked as coach of the year for the second consecutive season. Earl Willson, Piketon's fabulous halfback, also earned back of the year accolades for the second time. Lineman of the year was Phil Short of Piketon, a defensive middle guard on the second place Red Streaks.

Piketon led the balloting for positions, gaining five berths on the offensive unit and five on the defensive unit.

SVC champion Unioto had two griders make the offensive team and five on the defensive team. Paint Valley gained one first team berth.

Rather than name the boys by position, the coaches decided to vote for All-Conference linemen and All-Conference backs.

This procedure would give more flexibility in selecting outstanding individuals, the coaches felt.

Here are the selections:

Offensive line — Mike Borland, Unioto, 11th Grade, 6-0, 190 pounds; Gary Black, Logan Elm 12th Grade, 6-3, 201 pounds; Don Benner, Logan Elm, 12th Grade, 6-1, 185 pounds; Brent McNelly, Piketon, 12th Grade 5-8 160 pounds; Mike See, Piketon, 12th Grade, 5-10 185 pounds; Rick Williams Piketon, 11th Grade, 5-10, 185 pounds; Phil Eckels Piketon, 12, 12 Grade, 5-10 165 pounds.

The entire offensive line was selected by a unanimous vote of the coaches.

Backfield—Earl Willson Piketon, 12th Grade, 5-8, 185 pounds; Ray Cox, Unioto, 12th Grade 5-10 160 pounds; both unanimous choices; Mike Whitt Paint Valley, 12th Grade, 5-5, 130 pounds; Tim Huffman, Logan Elm, 12th Grade 5-7 147 pounds.

Defensive line—Charles Blanton, Piketon, 11th Grade, 5-11, 185 pounds; Phil Short, Piketon 12th Grade 5-10 185 pounds; Charles Noel, Piketon 11th Grade, 5-11, 180 pounds; Mike Borland, Unioto, 11th Grade 6-0, 190 pounds; Dave Brantley Unioto, 11th grade, 5-8; 150 pounds;

Defensive backfield — Mike Eckley, Unioto, 12th Grade, 5-9, 150 pounds; Dannie McAfee, Unioto 11th Grade 5-10

175 pounds; Dave Haynes, Unioto, 12th Grade, 5-11, 175 pounds; Jim Minor, Westfall, 12th Grade 5-10, 165 pounds; Earl Willson, Piketon, 12th Grade, 5-8, 185 pounds; Bob Deering Piketon, 12th Grade 5-10, 188 pounds.

The honorable mention list includes some names that also appeared on one of the two all league squads. They are players who were nominated for both offense and defense but made only one team. Here it is:

Piketon — Bill Auton, Mike Burnside, Rusty Lee, Bob Deering Randy Dermg, Mike Noel Gary Lansing, Bill Auton;

Unioto — Mike Hoffer Tom Brown, Dave Juenger, Mike Wright, Tom Echard, Dee Mays.

Westfall — Lee Cook, Jim Minor, Tony Lightle, Dave Schleich.

Paint Valley — Mike Dotson. Logan Elm — Jim Moore-head Alan Gabriel, Dale Jenne.

Irish, Spartans Await Top Clash

By MIKE RECHT
Associated Press Sports Writer

Nobody can quibble with Ara Parseghian and Duffy Daugherty this week when they are quoted as saying: "We're not looking past this week's game."

That's the cliché the two coaches have stuck with most of the season, but this time is for real. This is the week Parseghian's top-ranked Notre Dame and Daugherty's second-rated Michigan State meet in one of the most eagerly awaited college football games in years.

The Irish and Spartans set up their unbeaten battle with easy victories last Saturday, Notre Dame over Duke 64-0 and Michigan State over Indiana 7-19.

Terry Hanratty, back on the beam, completed eight of 13 passes for 127 yards and two touchdowns, one to favorite receiver Jim Seymour. The Irish also intercepted four passes in upping their record to 8-0.

Michigan State, winning its second straight Big Ten title, piled up a 37-7 lead as Jimmy Raye threw for three touchdowns and the defense held the Hoosiers to a minus 10 yards rushing.

With Michigan State ineligible for a Rose Bowl bid after going last year, Purdue, 5-1, wrapped up an almost certain bowl trip by polishing off chief challenger Minnesota 16-0.

Illinois, 4-2, clobbered Wisconsin 49-14, but even an Illini victory over Northwestern Saturday and a Purdue loss to Indiana would give the Boilermakers the bid because they have never made the bowl trip before.

Another conference title was settled when undefeated Nebraska, No. 4 in The Associated Press poll, clinched its fourth straight Big Eight crown by overcoming Oklahoma State 21-

6 while Missouri eliminated Oklahoma 10-7.

Arkansas, 5-1, set up its unprecedented third straight Southwestern Conference title and a Cotton Bowl trip by dealing Southern Methodist its first defeat, 22-0 on Dave Dickey's two scores.

The Razorbacks, ranked sixth, need only a victory over six-time loser Texas Tech Saturday to clinch at least a tie and a certain bowl bid.

A 52-yard pass from Kirby Moore to Hardy King helped Georgia to a 21-13 triumph over Auburn and gave the ninth-ranked Bulldogs at least a share of the Southeastern Conference flag with a 6-0 mark. The Bulldogs had to come back from a 13-0 halftime deficit.

Georgia has completed its conference schedule but Alabama can tie by beating Auburn Dec. 3. The unbeaten Crimson Tide, No. 3, belted South Carolina 24-0 for its 13th straight victory.

UCLA, No. 8, struggled by Stanford 10-0 on Gary Beban's 24-yard scoring run, but its Pacific 8 title and Rose Bowl hopes were jolted when Beban later suffered a broken ankle. The star quarterback will miss Saturday's showdown game against Southern California, which is the other half of the regionally televised doubleheader after the Notre Dame-Michigan State affair.

Southern Cal, ranked seventh, leads the league at 4-0. It did not play last Saturday.

In other games involving Top Ten teams, Georgia Tech, No. 5, rolled by Penn State 21-0 as Larry Good ran for one touchdown and passed 20 yards for another, and Tennessee, No. 10, lost to Mississippi 14-7 on Jerry Richardson's 51-yard run with a recovered fumble in the last two minutes.

Hunting Season Opener Due Tuesday Throughout State

Hunting season for rabbits, pheasants and quail opens Tuesday throughout the state.

The outlook in Pickaway County is good, according to officials of the Division of Wildlife. They say the pheasant population is "better" than last year's count.

Where there is ample cover to provide food and concealment for the birds, there should be pheasant and quail in goodly numbers, game officials claim.

The same holds true for rabbits. The areas which provide suitable habitat for cottontails should provide nimrods with plenty of sport.

THE ONLY state owned area where upland hunting is permitted in Pickaway County is at A. W. Marion State Park.

Cloyce Hattery, park manager, pointed out that hunting is permitted anywhere except within 400 feet of buildings and public use areas.

The remainder of hunting areas in the county are on privately owned farms.

Hunters who have not yet contacted landowners for permission to hunt should look for the yellow "Hunting with Permission" signs.

A number of farmers in the county have signed agreements with the Division of Wildlife under the Hunting with permission program.

The Division of Wildlife offers this advice to hunters:

"Protect your privilege to hunt on private land. Ask the farmer first; respect his property; hunt safely; obey all game laws."

UCLA Pilot Out With Broken Leg

LOS ANGELES (AP) — Next Saturday, when the coaches discuss the turning point of the UCLA-Southern California football game, they well might pick a routine third-down play seven days earlier.

For on that wobbly incompleting pass, UCLA quarterback Gary Beban suffered a broken bone in the right leg just above the ankle.

The Bruins were ahead of fumbling Stanford at the time and went on to a 10-0 victory, but Beban, the versatile guiding force of the offense, was lost for the Bruins' biggest game.

Circleville Jr. High Team Posts 3-2 Gridiron Record

By BRENT BELL
Circleville Junior High Coach

The Circleville Junior High School Tiny Tigers began the season with over 80 hopeful players ended with 43 tough, hard-nosed gridgers.

While battling against much larger teams all season, the tiny Tigers time and again out fought and out hit the opposition, posting three wins and two losses.

After their opening loss the tiny Tigers began to find themselves and turned into an exciting ball club.

In the first game against a big, fast Washington C. H. team they spotted the visitors to a 24-0 first quarter lead and then began to work together and held the visitors scoreless until the final seconds of the ball game when they scored 6 more to win 30 to 0. Even though beaten the junior high gridgers showed the drive and determination which is the mark of a winner.

Against Hamilton Township, the tiny Tigers began to jell and completely dominated the ball game by winning 22-0. The entire ball game was played at Hamilton's end of the field and the stout Tiger defense held the big opposition to only four first downs.

Play after play the gridgers out hit Hamilton's big line and drove them backward controlling the game.

Chillicothe Mount Logan next invaded the Circleville lair but were completely shut out by the Tiger's 14-0 victory. Early in the ball game, the tiny Tigers lost their first team fullback and end because of injuries, but this made them fight all the harder. The game was marked by exciting end sweeps by the quarterback Tom Bowers, and the crushing runs up the middle by David Skaggs, who was converted from his tackle position to fullback after first quarter injuries.

A rematch in the fourth game against Washington C. H. ended much the same as the first. The tiny Tigers played valiantly against the big, fast Blue Lions but just didn't have the size to stop Washington's big fullback. The highlight of the game though was a 92 yard kick off return by the tiny Tiger quarter

back Tom Bowers. Bowers picked up the ball on his own eight yardline and then using his blockers well, cut and squirmed 92 yards for a touchdown. This was the only touchdown scored against Washington by anyone all season.

The junior won the last ball game by a score of 14-6 over Hamilton to give up the ball on downs and interceptions.

The Tigers again used their end sweeps and fullback plunges to mount their scoring drives. An outstanding job was done by Greg Heiskell who filled in for injured starting tailback Doyle Kiser. Heiskell, again and again, picked up vital yardage on third and fourth down situations to keep drives alive. He also intercepted a pass late in the ball game to insure the win.

It is extremely hard to single out the outstanding players for they all contributed greatly to a successful season. The success of the offense was stimulated by the hard running of Tom Bowers, Dick Radcliff, Doyle Kiser, Greg Heiskell and David Skaggs behind the rugged blocking of Max Wagner, Don Valentine, Richard Campbell, Steve Davis, Mike Webb, and guppy Dennis Shaw.

Other standouts on defense were Mark Davey, Chris Long, Mike Hamrick, and Jim Mogan.

Other stalwarts were Robert Compton, Mike Fuller, Doug Good, Keith Grooms, Rick Olney, Rickey Jacobs, Doug McCoskey, Gary Robbins, Jeff Griffith, Craig Allison, Rick Blankenship, Bill Fowler, Paul Garrison, Jeff Harr, Ronnie Leasure, Terry Leasure, Richard Metcalf, Terry Morrison, James Neal, Jim O'Brien, John Payne, Greg Shires, Danny Smith, Richard Speakman, Doug Spangler, David Sowers, Kenneth Temple, and Dennis Wood.

29 Field Goals Kicked in NFL

The Washington Redskins missed upsetting the Dallas Cowboys by a foot—Danny Villanueva's right one—and the Detroit Lions get their kicks from Garo Yepremian.

In fact, National Football League Clubs really played football Sunday as 29 field goals were kicked, the most of any weekend this season.

Villanueva kicked only one field goal, but it came with just 15 seconds remaining and gave the Cowboys a 31-30 victory, a 6-2-1 record and moved them to within one-half game of first place St. Louis in the Eastern Conference.

On the other hand, Yepremian booted six field goals for an NFL single game record as the Lions nipped Minnesota 32-31. His eight attempts also tied a single game mark set by Baltimore's Lou Michaels when he was with Pittsburgh.

Still another single game record—11 three-pointers tries by two teams—was set in Pittsburgh's 30-9 upset of St. Louis.

Pittsburgh's Mike Clark made three and Jim Bakken booted a like number for the Cardinals, 7-2-1, playing their first game without quarterback Charley Johnson, who is through for the season because of an ankle injury.

In other games, Baltimore tied idle Green Bay for first place in the West with a 7-2 mark by taking a 19-7 victory over Atlanta; Cleveland whipped Philadelphia 27-7 to move within a game of St. Louis; San Francisco tied Chicago 30-30 and Los Angeles snapped a four-game losing streak by trouncing New York 55-14.

Jim Van DeGriff, coach of the unbeaten Unioto Shermans, was picked as coach of the year for the second consecutive season.

Earl Wilson, Piketon's fabulous halfback, also earned back of the year accolades for the second time. Lineman of the year was Phil Short of Piketon, a defensive middle guard on the second place Red Streaks.

The entire offensive line was selected by a unanimous vote of the coaches.

Backfield—Earl Willson, Piketon, 12th Grade, 5-8, 185 pounds; Ray Cox, Unioto, 12th Grade 5-10 160 pounds; both unanimous choices; Mike White, Paint Valley, 12th Grade, 5-5, 130 pounds; Tim Huffman, Logan Elm, 12th Grade 5-7 147 pounds.

Defensive line—Charles Blanton, Piketon, 11th Grade, 5-11, 185 pounds; Phil Short, Piketon 12th Grade 5-10 185 pounds; Charles Noel, Piketon 11th Grade, 5-11, 180 pounds; Mike Borland, Unioto, 11th Grade 6-0, 190 pounds; Dave Brantley, Unioto 11th grade, 5-8; 150 pounds;

Clay, Williams Tangle Tonight

By MURRAY ROSE
HOUSTON (AP) — "I'm not making any predictions but the first one to get in a good punch is going to be the winner. I want to be the first one."

So said Cleveland Williams, a ring-scarred veteran of 33, today as he awaited the starting bell of his long-sought title shot with heavyweight champion Cassius Clay, the 5-1 favorite in the Astrodome tonight. Fight time is 10:30 p.m., EST, for the 15-round.

This will be Clay's (or Muhammad Ali's) seventh title defense and his sixth within a year. On the record Williams, a strapping, muscular specimen who once rated as the hardest hitter in the heavyweight divi-

sion, shapes up as the most dangerous challenger Clay has run into this year.

The big questions are whether Williams can connect with his jolting left hook and smashing right against an elusive dancing master and whether he can take Clay's streams of punching and keep coming.

"I'm gonna get the Big Cat just like I got the Bear (Sonny Liston) and the Hare (Floyd Patterson)," said the undefeated, 24-year-old champion from Louisville, Ky. "But I gotta admit Williams is my most dangerous opponent. He can hit hard."

A crowd of 35,000 or more is expected to pay around \$500,000 at prices of from \$5 to \$50 to see

the Big Cat get his first chance at boxing's most prized crown.

Closed circuit television in the United States and Canada, national radio by CBS, Early Bird satellite television to London, and television tapes, movies and other ancillary rights may bring in another \$1 million to the promotion.

Former Ag Head Speaker Inflatable Hospital Gets Tough Jungle Initiation

Robert Terhune, former Ohio Director of Agriculture, will be guest speaker for an inter club meeting of Circleville High School Key Club and Kiwanis 6:30 p. m. today at the L-K Restaurant.

The Key Club's annual banquet and induction of new members will be observed at the dinner meeting.

ROBERT TERHUNE

A former coach and teacher, Terhune served as Ohio's Director of Agriculture from 1959 until 1963 having been appointed under Governor Michael V. DiSalle.

Terhune is currently serving as principal of Reemelin High School at Fairfield School for Boys.

Topic of his speech will be "To Stay Youthful, Be Useful."

Balloon Needed Teacher's Help

A former Grove City resident and French instructor recently assisted Kentucky officials in receiving information on a balloon that landed near Bowling Green, Ky.

Mrs. Janet Chamberlin, the former Janet Christy of Grove City and French instructor at Ohio State University, was called upon to translate French messages that were attached to the balloon that had an estimated weigh of 1,000 pounds.

She was also used as interpreter in a phone call to Aire-Sur-L'Adour, France, from where the balloon was launched. Mrs. Chamberlin learned that the balloon was launched by the Center of Atomic Energy and its mission was to seek nuclear composites in the atmosphere.

Mrs. Chamberlin is the niece of Ora Snyder, Walnut St., and a cousin of Marlin Snyder, E. Mound St.

Centenarian MD Wants To Resume Medical Practice

The answer to his problem, he adds, would be to resume his practice. "I feel good . . . I have no aches or pains, he adds.

Sunday was the physician's 100th birthday. He was the nation's oldest general practitioner when he closed his office here two months ago.

Sager's wife died last year, and he said he was forced to retire because he was unable to find a housekeeper.

Inflatable Hospital Gets Tough Jungle Initiation

TAY NINH, South Viet Nam (AP) — The world's only inflatable combat hospital has received a bloody baptism of fire in the jungles of South Viet Nam.

The \$2-million complex of air-filled operating rooms, laboratories and surgical wards was trucked into an abandoned tapioca plantation 90 miles north-east of Saigon near the Cambodian border.

Before the rubber-like dæcon buildings could be blown up and put into operation, the Viet Cong nearly destroyed the entire hospital with a mortar attack that killed the hospital commandant tore gaping holes in the roof of the unoccupied nurses' quarters and riddled one of the inflatable

How Weather Looks Today

OHIO WEATHER SUMMARY COLUMBUS, Ohio (AP) — Weather Bureau summary of Ohio's weather:

Dry, cool Canadian air dominated Ohio weather Sunday and early today.

Temperatures this morning were the lowest in about 10 days with Marietta reporting 22, Columbus 25, and Zanesville 24.

Heavy fog in the Ohio River Valley reduced the visibility to near zero at Chesapeake and Marietta.

Fair weather will continue under high pressure through Tuesday.

Low temperatures tonight will be mostly in the 20s and high readings Tuesday will be mostly in the 40s north and the 50s south.

Winds will be light and daytime humidities low.

OHIO — Fair and a little cooler tonight. Low in the 20s. Tuesday mostly sunny but cooler.

Dowlers To Show Slides at Saltcreek Grange Meeting

Slides shown by Mr. and Mrs. John Dowler will be the main portion of the Lecturer's program at Saltcreek Valley Grange meeting Tuesday at 7:30 p. m.

Theme for the evening will be "An Enjoyable Trip." Also appearing on the program will be Carl Dan Jr. who will present a piano solo.

Paul Dunkle, lecturer, announced that this will be the last meeting in the attendance contest between the Red and Green teams. Every member is to bring a penny to this meeting for use during the program.

The Weldons' daughter, Hester, is a second-year student at the two-year college for women.

Weekend activities included a general assembly, group discussions, meetings with advisers, a chapel service and water ballet show.

Average New Congressman Is Lawyer, Middle-Aged and Organization Man

WASHINGTON (AP) — Pick a new congressman-elect, any new congressman-elect, and the chances are you will be looking at a middle-aged lawyer, married and a joiner of organizations.

That's the statistical average of the 59 Republicans and 14 Democrats who will start House service in January — or resume it after an interruption.

But the 73 new faces show plenty of variety when looked at individually.

The Republicans, for example, have an Alaska homesteader, Rep.-elect Howard W. Pollock, who now practices law but relaxes by pursuing octopus and a big game. Another new GOP member is former Olympic decathlon champion Robert Bruce Mathias of California, who now operates a boys' camp.

Among the incoming Democrats is a former newspaper publisher, David Pryor of Arkansas, who switched private careers after starting his public one. Pryor went to law school while serving in the state legislature and was a practicing attorney when he was elected to Congress.

Another two-career Democrat is Peter Kyros of Maine, an Annapolis graduate who switched to law after 10 years' naval service.

The age of the newcomers averages out a bit under 44. The Republicans run slightly older, while the Democratic average is 41. But the Republicans have the youngest member, as well as the oldest — William A. Steiger of Wisconsin, 28, and William Henry Harrison of Wyoming, 70, who is resuming a congressional career that began in 1951 and was twice interrupted.

The class of 1967 is no exception to the rule that the law is the preferred route to public office in the United States.

Of the 73 new members, 30 are attorneys, including 10 of the 14 Democrats. Businessmen make up the next largest category, 17, and there are nine farmers, including several businessmen who list themselves also as farmers.

The new class also offers four bankers, two college professors, an ordained clergyman, a retired state police officer, a nurse and an editor.

Almost all are married, but Rep.-elect G. V. (Sonny) Montgomery, D-Miss., not only is a bachelor at 47 but is described as much in demand as an escort for distinguished visiting ladies at official functions in his state.

Business Briefs

G. C. Murphy Co. net earnings for the first nine months were \$4,214,000, an increase over the \$3,740,000 earned for the similar period of 1965, according to company officials.

On a per share basis, the company reported \$1.02 against 89 cents, an increase of 14.6 per cent. Sales for the period showed an increase of 6.7 per cent.

There were 512 stores in operation and 33 new locations under contract at Sept. 30, compared with 512 and 15 the year previous. During the period three stores were opened, 5 closed, 6 enlarged and 15 renovated.

The last 3 months customarily produce the major share of the year's profits. The company anticipates continuing improvement in both sales and earnings during the balance of the year, spokesmen said.

ward units with more than 100 holes.

Despite the initial mortar attack and another one less than a week later, the self-contained completely mobile hospital immediately went into operation as a forward surgical clinic with most of its facilities still in packing crates.

That was two weeks ago. Because of the bitter fighting and the growing number of casualties from Operation Attleboro in the rain forests of War Zone C. Army medical authorities decided to activate the inflatable, expandable hospital ahead of schedule.

Twenty minutes after the completely air-conditioned, dust free, 60-bed surgical hospital opened its plastic doors for business, a Medivac helicopter set down on the landing pad less than 100 feet away and Capt. Richard Welch of Louisville, Ky., and Carl Borders of Rochester, Mich., were operating on their first patient.

If necessary the entire hospital can be collapsed and loaded onto helicopters in less than 15 minutes. When other inflatable, expandable units are available, it can be converted into a 200-bed evacuation hospital.
